**OUR SERVICE FLAG**

Fuel Administrator Garfield esti-  
mates the coal shortage next winter  
at 71,000,000 tons.

Nineteen German machines were  
brought down by the British Tues-  
day.

Grip is raging in Spain as an  
epidemic of greta virulence, causing  
many deaths. King Alfonso has it.

Hindenburg is down with typhoid  
fever and may go to join Blasing,  
the Belgian butcher.

Costa Rica can help some by  
throwing banana peelings in front of  
the Hun.

A German patrolling party Tuesday  
approached the Americans lines hold-  
ing up their hands and calling "Kam-  
erad." Recently this trick was  
worked and the "Kamerad" bunch  
would suddenly drop to the ground  
and concealed gunners would fire on  
those who were regarding them as  
prisoners. This time the Americans  
gave them a volley, killing one. The  
reception given the patrol by the  
American commander indicates that  
the allied generals have determined  
to stop this violation of one of the  
most elementary rules of civilized  
fighting. Instances have frequently  
been reported of the Germans fail-  
ing to respect the white flags sent  
forward with parley parties. With  
the allies adopting a precedent es-  
tablished by the Germans, some offi-  
cers are of the opinion that hostili-  
ties in which little quarter will be  
given and perhaps none at all are  
not beyond the bound of possibili-  
ty.

The infatuation felt by girls gen-  
erally for military heroes is caus-  
ing many French girls to "cut out"  
the girls at home and wed American  
soldier boys almost on sight. The  
French are said to make affectionate  
sweethearts, with kissing the usual  
goodbye, even with parents looking  
on. They make more headway than  
is customary in America where  
"spooning" is frowned upon and is  
not even allowed in the public parks.  
But even the American girls fall to  
heroinism. A correspondent with the  
American army says: "A boy showed  
me a letter from his fiancée back in  
America the other day. I thought it  
the right kind."

"You know, George, I promised  
to marry you one year from the day  
you got back home."

"I'd be willing to marry a hero a  
lot sooner than that."

"You know Mary Smith's beau  
the French cross for bravery the  
other day and Mary is lording it all  
over the rest of us girls."

"If you'll get a French cross I'll  
marry you six months from the day  
you land."

"And if you win the new American  
medal I'll meet you on the dock with  
the marriage license in my hand."

"Where are those damned Ger-  
mans?" exclaimed George. "Let me  
at 'em!"

**"A SPLENDID TONIC"**

Says Hixson Lady Who, On Doc-  
tor's Advice, Took Cardui  
And Is Now Well.

Hixson, Tenn.—"About 10 years ago  
I was..." says Mrs. J. B. Gadd, of  
this place. "I suffered with a pain in  
my left side, could not sleep at night  
with this pain, always in the left  
side..."

My doctor told me to use Cardui. I  
took one bottle, which helped me and  
after my baby came, I was stronger  
and better, but the pain was still  
there.

I at first let it go, but began to get  
weak and in a run-down condition,  
so I decided to try some more Cardui,  
which I did.

This last Cardui which I took made  
me much better, in fact, cured me. It  
has been a number of years, still I  
have no return of this trouble.  
I feel it was Cardui that cured me,  
and I recommend it as a splendid fe-  
male tonic.

Don't allow yourself to become  
weak and run-down from womanly  
troubles. Take Cardui. It should sure-  
ly help you, as it has so many thou-  
sands of other women in the past 40  
years. Headache, backache, sideache,  
nervousness, sleeplessness, tired-out  
feeling, are all signs of womanly trou-  
ble. Other women get relief by taking  
Cardui. Why not you? All druggists.

**LARGEST BUILDING IN WORLD.**

What is said to be the largest build-  
ing in the world is under process of  
construction in New York. It is to  
be used for the new South Brooklyn  
army supply base for overseas trans-  
portation.

The contract calls for the expendi-  
ture of \$40,000,000 for the construc-  
tion of a large warehouse and three  
double deck steel piers. The ware-  
house is to contain 6,000,000 square  
feet of fireproof floor space under one  
roof, and to be approximately 1,000  
feet square and of eight or nine  
stories. One hundred and fifty ele-  
vators will be required to handle the  
1,000,000 tons of goods to be  
stored in the warehouse. The supply  
base will be served by thirteen miles  
of track. The entire project is ex-  
pected to be completed and turned  
over to the Government by spring.

"ICE TOO THICK TO CUT."  
SO PRICES ARE HIGHER.

(By International News Service.)

Providence, R. I., May 29.—Be-  
cause the ice last winter was "too  
thick to cut easily," the price to fam-  
ily trade in this city has been raised  
six cents a week. Under the new rate  
families will have to pay sixty cents  
a week instead of fifty-four cents.  
The same rate of one-half cent a  
pound is charged, however.

**FRISCO SMOKE**

MAY BE CUT.

(By International News Service.)

San Francisco, May 28.—Smokers  
in this city will face a terrible fate if  
the ordinance proposed by Attorney  
Charlotte F. Jones becomes a law.

Under the proposed statute it will  
be a crime for any male to smoke in  
any public place such as store, banks,  
jitney busses, offices, elevators and  
street cars. She gives as her reason  
that smoking is the "cause of men  
today being chicken hearted, effete  
weaklings and spineless jelly fish." Further  
Miss Attorney Jones sug-  
gests that the adoption of the ordi-  
nance would help conserve the sup-  
ply of tobacco so that more could be  
sent to the boys in France.
